## RAIDS ARE MADE AGAINST THE REDS

Nation-Wide Campaign Conducted  
by Federal Authorities Against  
Government Plotters

ARRESTS BEING MADE HOURLY

Total Number Will Exceed 600 In-  
cluding Men and Women From  
Coast to Coast

(By United Press.)

Washington, Nov. 8.—America has declared war on the revolutionaries within its border. Agents of the department of justice in a series of raids last night and this morning extending from coast to coast seized 600 alleged revolutionaries in nearly 50 cities and districts.

A number of arrests is expected hourly. Assistant Attorney-General Garvan in a statement issued at Washington said the raids were the beginning of a campaign to suppress the use of Russian work which advocates the overthrow of the American government.

More than 150 persons were taken in a raid in New York which was personally conducted by William J. Lynn, chief of the bureau of investigation of the department of justice. All but fifty-two were released after examination.

In the Chicago district, including Milwaukee and Gary, Ind., about 100 more were taken into custody, while smaller groups, ranging from five down to two were arrested in Detroit, Philadelphia, San Francisco, Newark, Jackson, Mich., and five Connecticut cities—New Haven, Hartford, Ansonia, Waterbury and New Britain.

Federal agents generally declined discuss the arrests further than say they had been planned at Washington several weeks ago. It was reported that in some cities the demonstrations included bomb placing and the use of fire arms.

Radicals described as among the most dangerous anarchist agitators in the country were arrested. It was learned that thirty-six warrants had been issued by Commissioner General of Immigration Caminetti for men in New York considered particularly active in creating unrest, and it was reported that these men had been caught.

## DRYS CLAIM VICTORY BY ONLY ONE VOTE

A Million Votes Cast For Ratification of National Amendment,  
Drys Lay Claim

EXACT RESULTS NOT KNOWN

(By United Press.)

Columbus, Ohio, Nov. 8.—Drys today claimed the wets had only a majority of one vote out of the one million cast on Ohio's ratification of the national prohibition amendment, with practically all returns from the entire state in.

Of the whole eighty-eight counties the state only seven precincts were to make returns. The returns in sixty-three precincts were official. On the fact of these figures the drys claim victory by a large margin, declaring that the seven precincts to make returns were all dry territories.

The wets insist that their own figures show them to have a majority of about 2,000. The exact results will not be known until next week, it was announced.

## PLAN FREIGHT AIRPLANE

Cleveland, Ohio, Nov. 8.—Huge freight airplane to travel between New York and Cleveland, was announced today by George Martin, airplane builder. It will be the largest freight airplane ever built. Its load capacity is four times that of the present mail planes.

## POLICE STICK 15 STICKY 'STICKERS'

Most of Them Are Still Sticking—  
Many Violated Tail Light Law  
Last Night.

AT GRAHAM ANNEX SCHOOL

Milroy Men Hire Lawyer Who Tells  
Mayor to Find Out the Names  
if He Wants Them

The police had little difficulty in landing alleged violators of the tail light law last night, and evidently ran out of "stickers," as they made the rounds of the machines parked near the Graham Annex school, while owners of the machines were witnessing the basketball game.

Fifteen motorists, or rather the license number of their automobiles were docketed this morning on the police record, as violating the state law for not having a tail light displayed. Most of the offenders were from Milroy, who had come here to see their "home town" boys play, and were probably not acquainted with the state law, which has been a hobby with the local officers.

Only a few of those "tagged" were in court. Chauncey Duncan, attorney appeared for eight Milroy people, with instructions to enter a plea of not guilty. Mayor Irvin stated that there were no charges against the people, but that they were to appear as the "stickers" had called for. The attorney stated that if there were no charges against them they would not appear, as a "sticker" meant nothing to them. The mayor even asked Mr. Duncan for their names, but his request was cut short, telling him to file charges against them in the proper way and not by defacing their windshields with insignificant stickers.

It was evident that those who did appear intended to enter pleas of not guilty, as Vincent Young, another attorney, was on hand to defend a few more boys who had found their machines "tagged."

## CAMPAIGN IN NOBLE TOWNSHIP GOING GOOD

New Salem Bank Receives Many Re-  
newals for Red Cross Membership  
Yesterday and Today.

FARMERS ARE VERY BUSY NOW

News from Noble township today stated that they were busy in that part of the county renewing their subscriptions to the Red Cross, in the annual drive for memberships. The New Salem State bank was busy yesterday and today receiving memberships, and no doubt Noble township will soon go over the top in the membership campaign.

The local workers have been extremely busy, and expect to have the county well canvassed by Tuesday, which date the annual roll call is supposed to stop.

The work of the solicitors has been delayed to a great extent in the county, because of much work now being done on the farms, and people are hard to reach. With corn cutting in full swing, the farmers are pretty busy, but are responding very liberally to the appeals of those soliciting memberships, and asking for the renewal of old members.

Go to Press at Noon Tuesday  
In order that the employees of the Daily Republican can take part in the celebration here on Tuesday Armistice Day, the paper will be issued at noon. The advertisers are requested to hear this in mind, and have the copy in on Monday afternoon, as the time will be limited on Tuesday morning.

## "Human Fly" as He Will Look When He Climbs Here Tuesday

HARRY H. GARDINER

Harry Gardiner, the "human fly," who will scale the Rush county court house walls Tuesday afternoon and night, as part of the Armistice celebration, is in training for some large motion picture contracts and climbs the local court house as part of his training.

Soon after his climb here, Gardiner will go to Europe to scale various buildings in England and France. His biggest feat while there will be the climbing of the Eiffel Tower at Paris. This tower is 1007 feet in height and is considered the eighth wonder of the world. Gardiner expects no difficulty in scaling it to the dizzy top. After his return from Europe he will go up the Woolworth building in New York City, which consists of 57 stories, and then mount to the top of the Capitol building in Washington, which will be the closing feat of his career, and retire from the game, having climbed all of the taller buildings in the world. Probably, like Alexander the Great, he will sit down and cry because there are no more tall buildings to climb.

Gardiner, who has for years thrilled thousands of people, has at last "struck gold." Formerly he made but a bare living out of his trade. Now he is in training for the biggest climb of his life and the royalties on the motion pictures are expected to reach \$200,000. But, in order to be in condition for the big

climb he must keep his muscles limber by constant work.

Mental control and personal efficiency are the things that Gardiner claims enable him to make his climbs. When interviewed Thursday night by a Daily Republican reporter in Newcastle, said: "The climbs I make are called marvelous by some and supernatural by others, but they are merely my way of expressing, in the life, what mental training will do." He claims that the risks he takes are twenty per cent physical and eighty per cent mental. He says he has overcome mental instability, bodily fear and other common weakness and built in their place mental poise and physical control that enable him to do the stunts that make people gasp in astonishment.

"In spite of appearances," Gardiner says, "I never take a chance. I am always sure of my next hold before I make a move. My greatest risk is in the man who built the building. If he has done his work well, I am secure."

"No, I was not always the sure-going, level-headed man that I am now," said Mr. Gardiner, "when I was younger, they tell me, I was very much like other people, afraid to do lots of things. But I liked adventure and was always trying again and again, no matter how often I failed and when other people didn't dare."

## FACES FUEL SHORTAGE

Shelbyville, Ind., Nov. 8.—Reports received from coal yards in Shelbyville revealed the fact that there are slightly more than 2,000 tons of hard coal, soft coal and coke in the city for domestic use. The dealers say that this will be sold out soon. All of the coal men report from five to twelve cars of coal ordered and in transit.

## TWO SHOCKS ARE FELT

Rome, Nov. 8.—Rome today anxiously awaited further reports from the Upper Valley of the Tiber River which was rocked by severe earthquakes. It was feared that they suffered heavy casualties. Communication has been crippled so that no word can be received by the affected districts. Two distinct shocks were felt.

## 2 BARNS BURNED AT FALMOUTH

Unknown Origin is Cause of Mrs.  
Dora Tinder's and Harry Snell's  
Barn Being Destroyed

SHORTLY AFTER ONE O'CLOCK

New Touring Car Belonging to Os-  
car Tinder is Destroyed—Also  
Hay and Lumber

Fire of unknown origin destroyed two barns in Falmouth early this morning, the fire first being noticed in the barn of Mrs. Dora Tinder, about ten minutes after one. Oscar C. Tinder, son of Mrs. Tinder, was in the barn about midnight when he left his automobile in there, after being in Rushville last night.

The machine which was a practically new touring car was totally destroyed. No insurance was carried on the machine and the loss was very severe to Mr. Tinder.

The barn of Harry Snell, which was located just across the alley from the Tinder barn, also caught fire and was destroyed. Besides some tools, there was a little hay and lumber in this barn which was destroyed.

It was not known how the fire started and when discovered a little after one o'clock, the entire interior of the Tinder barn was in flames.

A bucket brigade put in effective work in saving other nearby buildings, but the Snell barn was too close to be saved. The intense heat also kept the fire fighters from getting very close to the two structures.

This is the second bad fire which has occurred in Falmouth within the last few months. Only recently the I. O. O. F. building, Collyer's store and two residences were burned, and the time was early in the morning, at about the same hour of the fire last night.

## MAYOR SHOWS NO PITY FOR FALMOUTH MAN

Oscar Tinder Pays Fine Because he  
Didn't Appear After Finding a  
"Sticker"

MACHINE EVEN BURNS UP.

Because he failed to appear in police court last Monday, after finding a "sticker" on the windshield of his touring car, Oscar C. Tinder of Falmouth this morning was fined a dollar and costs, for operating his machine without a tail light. Last Saturday night Tinder was in Rushville, and according to the police his machine was left without the tail light burning.

One of those police "stickers" was found on his car, telling him to report before Mayor Irvin on Monday. Tinder said in court, this morning that for various reasons he was unable to get to Rushville until this morning, and because he failed to obey the little "sticker", Mayor Irvin fined him a dollar and costs.

The mayor listened with a deaf ear the story of Tinder, that early this morning the barn in which his machine was kept was destroyed by fire, and his machine went up in flames. Tinder carried no insurance on his touring car, which was valued at \$1,000. He paid his \$11.00 fine with a grin, but has since regretted that he pleaded guilty, as it is known by him to be a fact that there is no law which compels a person to answer the summons of a mere "sticker."

## HOME FOR CHRISTMAS

Paris, Nov. 8.—The last of the American doughboys will be home for Christmas, General Conner said today. All activities of the American army in France will cease December first.

## TO SERVE COFFEE AND DOUGHNUTS

Salvation Army Arranges to Feed  
All Ex-Service Men Free of  
Charge Armistice Day.

TO ERECT TENT IN STREETS

Rushville School Will be Dismissed  
to Take Part in Festivities—  
Gardiner Big Attraction.

Every ex-service man attending the Rush county Armistice Day celebration in Rushville next Tuesday will be served free of charge with doughnuts and coffee by the Salvation Army.

The Salvation Army made the doughnuts famous during the war, and to the lot of the local corps, in charge of Capt. and Mrs. J. A. Tench, falls the privilege of treating the former soldiers at the celebration.

The Army will erect a tent, eight by sixteen feet, in Second street, south of the Peoples National bank building, and will dispose hot doughnuts and coffee all day. All former soldiers need to get some of the world-famed Salvation Army doughnuts is their insignia, a small piece of ribbon tied in the button-hole of their coat lapel. The ribbon may be obtained by ex-service men at the soldiers headquarters in the Dr. C. H. Parsons room in East Second street, where members of the soldiers committee will be on hands all day. All former soldiers will be asked to register when they get their ribbon.

To all but Rush county men who served in the world war, doughnuts and coffee will be ten cents. Any money the Salvation Army makes will be used in the local work. The dough for the doughnuts will be mixed by A. W. Wilkinson at his bakery in the Kramer building in North Morgan street, and they will be fried and the coffee made by the army workers, in their tent.

Rushville school children will be given the privilege of participating in the festivities the afternoon of Armistice Day, Supt. J. H. Scholl announced today. The school children will be requested to report back to their rooms after the noon intermission and then all will be dismissed in time for the Service Flag parade which opens the day's program at two o'clock. Arrangements are being made to have a delegation of high school pupils in the parade.

## PATTERSON ARRESTED ON 2 SERIOUS COUNTS

Arlington Man on Trial in Squire's  
Court Now Faces 2 Charges in  
Circuit Court

AFFIDAVIT BY MISS STEVENS

Today was the last day of the present term of court, and next week will be the usual vacation between the September and November terms. A finishing up today of business was held, with nothing of much importance being done.

Sheriff Jones arrested Clyde Patterson this morning on two bench warrants from the circuit court, charges being preferred by Mary Stevens one alleging seduction and the other, for contributing delinquency. Patterson did not enter a plea, and his bond of \$500 in each case was made good by his mother. Patterson lives near Arlington.

Patterson was being tried this afternoon in Squire Steinh's court on a charge of bastardy, filed by Miss Stevens. Witnesses were present for both the plaintiff and defendant and the court room was filled with people who were attracted by the nature of the case.

## HOG RECEIPTS LESS, PRICE 10CTS HIGHER

Indianapolis Market Shows Receipts  
1500 Less as the Price is  
10 Cents Higher.

## CATTLE REMAINS THE SAME

Indianapolis, Nov. 8.—With receipts 1500 less than yesterday, the price on hogs today in this market was ten cents higher. Corn and oats were firm and steady and hay was quoted as the same as yesterday. The cattle market was also steady, with receipts at 700.

## STATE GAME LAWS CONCISELY GIVEN

State Department of Conservation  
Says When and How Much Game  
Can be Taken

### HOW GAME IS PROTECTED

Waterfowl Laws Tply Also and Are  
More Stringent Than the Federal  
Regulations.

In order that people who fish, hunt and trap in Indiana may be correctly informed as to the time and methods by which fish, game and fur-bearing animals may be lawfully taken, the department of conservation has sent out the necessary information by which they may be guided. The table as printed with this article is intended to correct erroneous information that has been circulated, and to warn the public that the laws covering them are strictly enforced.

The open seasons and the bag limits for game are presented in the following concise form:

Prairie chick—October 15 to November 1. Bag limit, 5.

Quail—November 10 to December 20. Bag limit, 15.

Ruffed Grouse—November 10 to December 20. Bag limit, 15.

(Not to exceed forty-five quail or ruffed grouse for three or more successive days of hunting).

\*Geese and Brant—September 16 to December 31. Bag limit, 8.

\*Ducks, except Wood Ducks—September 16 to December 31. Bag limit, 15.

\*Coot—September 16 to December 31. Bag limit, 15.

\*Gallinules—September 16 to December 31. Bag limit, 15.

\*Golden Plover—September 16 to December 20. Bag limit, 15.

\*Black-bellied Plover—September 16 to December 20. Bag limit, 15.

\*Jacksnipe—September 16 to December 20. Bag limit, 15.

\*Wilson Snipe—September 16 to December 20. Bag limit, 15.

\*Greater Yellowlegs—September

16 to December 20. Bag limit, 15.

\*Lesser Yellowlegs—September

16 to December 20. Bag limit, 15.

(Not to exceed forty-five for three or more successive days.)

\*Rails—September 1 to November

30. Bag limit, 15.

\*Woodcock—October 1 to November 30. Bag limit, 6.

\*Closed season between sunset of any day and sunrise of the following morning.

There is no open season for doves in Indiana.

The state laws on water fowls apply when same are more stringent than the federal regulations.

The open hunting and trapping seasons follow:

Beaver—November 20 to February 2.

Fox—November 20 to February 2.

Opossum—November 20 to February 2.

Otter—November 20 to February 2.

Raccoon—November 20 to February 2.

Skunk—November 20 to February 2.

Mink—November 1 to April 1.

Muskrat—November 1 to April 1.

Squirrels—August 1 to December 1.

Rabbits April 1 to January 10.

The number and length limit for fish follow:

Black bass—length limit, ten inches. Number 12.

(Not more than twenty when two or more fish from a boat).

Crappie, blue gills and sunfish—length limit, six inches. Number 50.

Trout—length limit, seven inches. Number 20.

Pickeral—length limit, twelve inches.

Pike, pike—length limit, twelve inches.

Rock bass—length limit, six inches.

Except when exemption is granted by law, every person over fourteen years of age, male and female, must take out a license to hunt. Every male and female over eighteen must take out a license to fish outside his own or adjacent county, except that the wife of a man who has a license may fish without taking out such license, as may also his children under eighteen years of age.

## DR. NILES TALKS TO VETERINARIANS

The Subject Used by the Speaker  
Was Hog Cholera and Related  
Swine Diseases

### DISCOVERED CHOLERA SERUM

The Meeting of Veterinarians Was  
the Fourth of a Series During  
The Past Eight Months

The practicing veterinarians from central Indiana, in session at the Indiana Veterinary college, were addressed yesterday by Dr. W. B. Niles of the U. S. Bureau of Animal Industry. The subject of discussion by Dr. Niles was hog cholera and related swine diseases; and the speaker, from his experience and study covering more than twenty years as head of Government field research and investigational work on hog cholera, filled his statement with valuable advice and information for the practicing veterinarian. A very lively discussion was brought out by the many pointed questions put to the speaker by veterinarians in attendance.

Dr. Niles received world wide recognition among the scientific investigators and his name has become universally known to the swine industry from his discovery of anti-hog cholera serum. This serum, the only reliable preventive against hog cholera for which there is no known cure, has become universally used and is largely responsible for the development of the swine industry during the past ten years. By the use of serum the fear of hog cholera has in a large measure been removed and the losses of previous years have been greatly reduced.

This meeting of veterinarians was the fourth of a series which has extended over the past eight months on which occasions men of the veterinary profession, who by training from their research and investigational work have become especially informed on certain subjects, have

## FARM ITEMS FROM HERE AND THERE IN INDIANA

The hot water treating station at Greenfield, which has been used by the Hancock County agent for Hancock county farmers, has been closed after treating 300 bushels of seed wheat by the hot water method to prevent smut. In some cases farmers had enough treated to sow an entire field. The total cost was \$2, the cost of two thermometers. The steam, pipe fittings and tanks being donated by local concerns. County Agent M. E. Croner reports.

The Farmers' State Bank at Veedersburg which has done much to encourage boys' and girls' club work in Fountain county, this fall gave out 20 more gilts in an endless chain pig club and sold 29 good gilts and five male hogs because all boys and girls of the proper ages in the township were supplied with pigs or engaged in other club work.

been brought to Indiana to advise and instruct relative to the many complex and confusing problems met in animal disease control. Through this the efficiency of the veterinarians to serve the animal industry should be greatly broadened and a check to the communicable diseases among live stock be made more certain. These meetings have been made possible through the co-operation of the veterinarians in the interest of the animal industry with the veterinarians of the Extension Division of Purdue University, the State Veterinary Department, and the veterinarians of the Bureau of Animal Industry working in Indiana. Veterinarians present from Rush county were Dr. D. D. Dragoo, Dr. A. A. Mull, Dr. R. J. Hall, Dr. E. C. Morris, Dr. Fred Catt, Dr. Ross Brown, and Dr. J. L. Craver.

—Mr. and Mrs. C. L. Bebout went to Indianapolis today to attend the DePauw and Wabash foot ball game this afternoon.

**GOWDY CELEBRATION WAS HELD LAST NIGHT**

Patriotic Meeting Attracts Big Crowd and Enjoyable Program Was Given

**EX-SERVICE MEN GIVES TALK**

The patriotic celebration and meeting held last evening at Gowdy was a success in every way and a large crowd was on hand to participate in the program which was arranged. Following the program was a pitch-in supper, at which time solos were rendered by Miss Opal Wagoner and Miss Lillian Tomes.

Rosecoe Wagoner made a very interesting and highly entertaining talk of his experiences while in the American Expeditionary forces. He spoke of Lieut. Maynard who won the coast to coast air race, and told of some of his daring feats while at Romarantin, France.

He expressed his appreciation of the welcome accorded the boys on their return and told something of his travels across the water. Clarence Alter told how they celebrated armistice day at Camp Custer. Mrs. Virgil Simpson gave some details about the various boys who were represented by the service flag. It was decided to keep the flag intact so that it might be carried in the parade at Rushville on the Armistice day celebration here Tuesday.

The Rev. J. C. Goowdin gave a stirring patriotic address after which the crowd sang "The Battle Hymn of the Republic."

**Personal Points**

—Samuel L. Trabue was a visitor today in Indianapolis.

—Mrs. Will Bliss was a visitor today in Indianapolis.

—Miss Gladys Wallace was among the passengers this morning to Indianapolis.

**COOPERATION OF SCHOOLS URGED**

State Supt. Mines Requests Local Officials to Help in Red Cross Seals Campaign

**POINTS TO ASSOCIATION WORK**

Funds Derived From Seals Sale Devoted to Furtherance of Health Work in State

Strong co-operation with the county tuberculosis organization in the state wide drive for the sale of 27,000,000 Red Cross Christmas Seal, to begin December 1, is urged in letters from L. N. Hines, state superintendent of public instruction, to J. H. Scholl, superintendent of Rushville schools, and C. M. George, county superintendent of schools.

The letter which Mr. Hines has written emphasizes the work that has been accomplished in the state schools by the Indiana State Tuberculosis Association in providing open air institutions and the Modern Health Crusade recently instituted in the schools of many Indiana cities for the purpose of instructing the schools pupil in the method of proper personal hygiene.

The funds derived from the sale of the Christmas seals are devoted to furtherance of health work over the state, and the state association has planned for extensive work over the state, and the state association has planned for extensive work in the coming year among the schools generally.

Referring to the work now being carried on in the schools of Indianapolis and Marion County, Mr. Hines said that the modern health crusade should be extended to every school in the state. He personally recommended it, and it is expected that the official endorsement of the health drive will be enacted by the next session of the state board of education.

"The tuberculosis people," said Mr. Hines "are doing a great service to the people of the state in providing hygienic instruction. I know of nothing which needs more attention than the proper care of these boys and girls growing up who are to handle the world affairs of the future."

The letter which Mr. Hines has mailed local school officials is as follows:

"With the passion of each year the need of proper attention to the health of the school child becomes more and more evident. In some cities of the state under the direction of the local Tuberculosis Association there has been instituted in both public and private schools what is known as the Modern Health Crusade—a move for the instruction of the pupil in the fundamental principles of hygiene, serving to ward off the ills common to children.

The Indiana Tuberculosis Association will begin its campaign December first, for the sale of 27,000,000 Red Cross Christmas seals. It is with the money derived from this campaign that the fresh air and health work in the state schools is being carried through. You are cordially requested to confer with your county tuberculosis association and work out a program whereby your co-operation will help in this campaign."

**PRISON CELLS NOW SERVING AS HOMES**

Berlin, (By Mail)—Almost anything will serve for a home in Berlin now, from a hotel to a prison.

In fact, the Milkenmarkt prison has been slightly renovated, and its cells are now the rooms of a number of happy families. And, as for hotel bathrooms, they draw just as good prices for sleeping accommodations as a good room in view of the extreme overcrowding here.

Beethoven learned to play the harpsichord at the age of four.

**COAL STRIKE LEADERS DESERT HEADQUARTERS**

United Mine Workers at Terre Haute Have Left For The Hearing at Pittsburgh

**MINE IS DESERTED TODAY**

Terre Haute, Ind., Nov. 8.—Headquarters of the United Mine Workers here, which are one of the centers of the nation-wide strike of coal miners, were practically deserted today. Edward Stewart, vice-president of the union organization, William H. Rainey, and William Mitch, secretary-treasurer, left late Friday for Indianapolis to attend the hearing in the federal court there on the temporary injunction issued by Judge Anderson restraining officials of the miner's union from promoting the strike.

At the headquarters of the operators it was said that they would not be represented at the hearing, as it was a proceeding in which the government and miners alone were interested.

"We have no business there a representative of the operators said, "and there will be no action of any kind on our part except on orders from the government."

The members of the subcommittee of the scale committee of the bituminous operators of the central competitive field will attend a meeting of the committee at Pittsburgh next Monday.

**W. R. C. NOTICE**

All of the W. R. C. members are requested to gather at the south side of the court house on Tuesday at one o'clock promptly, in order that they may participate in the service flag parade, as a part of the celebration here on Armistice day.

**The New Comfort Phonograph**

*"The Machine With a Musical Voice"*

Signor Alberto Salvi, the celebrated harpist who recently appeared in Mt. Vernon at the Cornell Musical Festival writes the following about the New Comfort:—

Main & Main,  
Cedar Rapids, Iowa.

Gentlemen:

Through the kindness of your Mr. Hansler, I have had occasion to examine "The New Comfort Phonograph."

It gives me pleasure to recommend your machine as one of the finest on the market in quality of tone and finish. It is truly a work of art.

Cordially,  
**ALBERTO SALVI.**

So perfect are the tones and expression of the NEW COMFORT that were you actually part of the artist's audience, you would not detect even the slightest shade of difference.

Truly here is a phonograph that has set a new standard in the musical world; yet you can buy a NEW COMFORT at a surprisingly low cost—a price within the reach of all.

We hope to have several models on display in just a few days, ranging in size and price to suit your ideas of investment.

The NEW COMFORT plays all makes of records with the same reproducer, rendering the soft vibrations of the violin, the sweet tones of the clarinet and the melody of the orchestra. The slogan of the NEW COMFORT is "As Good as the Best and Better than the Rest." We want you to see and hear the NEW COMFORT before you buy an instrument.

We Guarantee Our Prices to be Below Competition.

You can own one on our easy payment plan.

# WOMAN LEGISLATOR IS URGED TO RUN AGAIN

Mrs. Anna L. Saylor of California Made Such a Good Record That Clubwomen Will Boast Her

## 1 OF FOUR WOMEN ELECTED.

Washington, Nov. 8.—Mrs. Anna L. Saylor, of Berkeley, California, one of four women elected to the California Legislature in the last general election on the Republican ticket, receiving an overwhelming majority, made such a record for fair and just legislation that clubwomen from her district are uniting in an effort to secure her promise to stand for re-election. In years gone by women's clubs in California have generally made it a point to keep out of politics. The Twentieth Century Club of Berkeley, however, one of the well-known women's clubs of California, is plunging boldly into political seas, and at a recent conference adopted resolutions asking Mrs. Saylor to stand as a candidate for re-election to the State Legislature. Mrs. Saylor is a strong Republican, with progressive tendencies which have appealed to her feminine constituents, hence their desire to re-elect her as their representative.

## TO ENTERTAIN VISITORS

Salvation Army Services to be in Charge of Special Officers.

The local Salvation Army will entertain distinguished visiting officers here over the week end and will conduct a series of special meetings. Staff-Captain and Mrs. Catlin, Capt. Graham and Corp-Cadet Denchfield of Indianapolis will be in charge of the services, which will open in the morning at 10:30 o'clock with a Holiness meeting in charge of Mrs. Catlin. The praise meeting at 3 p. m. will be conducted by Capt. Graham and Corp-Cadet Denchfield, the latter being a noted pianist and soloist. At 7 p. m. a big Salvation meeting will be conducted by the entire staff. The usual open air meeting will be held tonight and the son of the Staff-Captain and Mrs. Catlin will be in charge.

# MOSCOW WINS TWO GAMES

Indp'ts. Beat Rushville; High School Wins From Carthage.

The Moscow Independent basketball team showed up well last night at Moscow and defeated the Rushville Independent team by the score of 40 to 15. The local team was composed of former high school players, and it was their first game this year. The Moscow high school team also took the game from Carthage, winning by the score of 21 to 14. The Moscow team proved too much for Carthage and had little difficulty in handing them a defeat. Moscow high school will play Rushville high school here in a few weeks, according to the schedule.

## Amusements

### Good Saturday Program at Mystic.

Helen Chadwick and Franklin Farman take the leading roles tonight in a picture at the Mystic, entitled, "Go Get 'Em Garrigan." The picture is said to be full of thrills, and will please the audience. Harold Lloyd will also be seen tonight in one of his fast entertaining comedies of which he takes the lead, entitled, "Ring up the Curtain."

### Rex Beach Story at Princess.

"Laughing Bill Hyde", a Rex Beach story has been put into motion pictures and will be shown tonight at the Princess as the main attraction. The picture is full of action and contains many thrills. The usual Saturday comedy will be on the program tonight which will be "Whiz and Whiskers," which is said to be a riot of fun. On Monday Irene Castle will be starred in "The Firing Line", and for Tuesday, as Armistice Day celebration the attraction will be Eugene O'Brien in "Sealed Hearts".

## CONFEREES AT WORK

Washington, Nov. 8.—Senate and house conferees on the oil leasing bill began work today. The bill has passed both houses of congress. Member of the committee expressed the belief that the bill will go to the president for his signature in a week or ten days.

# RUSHVILLE BEATS THE MILROY GIANTS

Local High School Five "Plays Rings Around" Down-County Team, Winning 25 to 17

## SECOND TEAM ALSO VICTOR

Visitors Fail to Show Form Expected of Them as Dope Pointed to Their Winning

The Rushville high school basketball team, displaying real class, took the Milroy team down the line last night and handed them a humiliating defeat by the score of 25 to 17. In fact, Rushville showed the Milroy six-footers how the little boys play basketball.

The second team from the two schools played the first game, and in this contest, Milroy was held to only two counts, they being foul throws, while the Rushville seconds piled up 17 points. The second team has never been beaten and from the look of things, will end the season that way.

Rushville was really doubtful of winning the game last night, but went into the fray full of pep and by consistent playing they outclassed Milroy and gradually gained a lead, with the score at the end of the first half 14 to 7.

The Milroy ball tossers looked like giants compared to the locals, and it was expected that they would put up a better game than they did. Whenever Rushville would get the ball, and it was nearly all of the time, Milroy was completely lost, and it seemed was unable to follow the oval, as it moved so swiftly by the fast passing of Rushville's five players.

Milroy was also unable to jump into the passing and break it up, much to the disappointment of the Milroy fans. Whenever Milroy would get the ball, they did not show the form that was expected from them, and the locals had no difficulty, it seemed, in taking the ball away from them, and force it down toward their goal.

"Skinny" Miller and Eakins for the Rushville team played fast ball and their fast floor work kept the Milroy "giants" guessing. Headlee, Rushville's center, was the goal biter, and played a mighty good game, making seven field goals, most of them being either from the center of the floor, or under handicaps of the Milroy guards. Prazee, guard for Rushville played his best game last night and was credited with breaking up many plays which might have meant points for the Milroy team. Gray at forward for Rushville, was heavily guarded, and while unable to locate the basket, was always there in the right place, when it came to passing the ball, and his effective passing was just as good if not better than points.

McKee, center for Milroy, played a fast game and netted 9 points for his team while Richey at guard was fast on his feet and was always in the game. He made two baskets from near the center of the field that were fine ones.

When the game started Milroy scored first and soon had a five point score to Rushville's two but by gradually climbing and just before the close of the first half, a couple of field goals in rapid succession gave them a lead which was never overcome.

The crowd last night was the biggest of this season, and one half of it was from Milroy. The rivalry between these two teams never was so great, and the victory over this team is only a forerunner of the big games that will take place here this winter. Prospects are that Rushville has been beaten for the last time.

The summary and score: Rushville (25) Milroy (17). Miller F. Innis, Stewart Gray F. Osterling Headlee C. McKee Harcourt Eakins G. Richey Frazee G. Root Field goals: Miller 3, Headlee 7, Eakins 2, McKee 4, Richey 2, Stewart; foul goals, Eakins, McKee, Osterling 2. Referee, Case of Connersville.

Rushville 17; Milroy 2. The undefeated second team from the local high school had no trouble in handing the Milroy seconds a de-

## Evangelistic Meetings

New Salem Methodist Protestant Church, Beginning November 9.

Services each evening with the pastor, the Rev. H. C. Ross in charge. A good, rousing song service will be a part of each service. Our aim is to get sinners converted and believers more confirmed in the faith. We ask all Christians to come and feel free to take part in these services.

## GROOM SEARCHES FOR BRIDE

Aged Couple Granted Marriage Licenses at Columbus, Ind.

Columbus, Ind., Nov. 8.—Elijah Roberts, 72 years old, a Bartholomew county farmer and Mrs. Martha Stewart, 75 years old were granted a marriage license from the county clerk's office yesterday afternoon, but not until they had done a lot of searching for each other on the streets of this city.

Roberts called at the clerk's office and requested a license, but he did not have the female party of the second part with him and he was told her presence was imperative. He informed the clerk that she was in the city and sent a friend to search for her, but in the meantime the would-be bridegroom left the clerk's office and when Mrs. Stewart arrived and found him absent she in turn went in search of him. Finally the two found each other and the license was issued.

Just last night, and the efficient work of Casady and Bell for Rushville, combined with fast floor work, and steady playing, won the game. Milroy was not able to cage a field goal, getting their two points in the last half on foul goals.

The summary and score: Rushville (17) Milroy (2). Casady F. Cowan Bell F. Jones Phillips C. Rogers Martin G. Mills Davis G. Tausel Field goals, Casady 4, Bell 2, Phillips. Foul goals: Casady 3, Cowan 2.

The low coast regions of Africa are almost everywhere unhealthy.

## What if Spangle Sewers Strike!

By MARGARET ROHE

(Written for United Press.)

The city clocks were striking When I saw a lovely maid Stroll proudly from a bonnet shop In smart attire arrayed. I hastened to the hat shop man, "Who is that striking creature?" "You said it", was his prompt reply, With rage in every feature. "You've said it in those very words There's nothing more to say, She's my most striking model And she's gone on strike today."

New York, Nov. 8.—Now that life is just one strike after another followers of Fashion are doing pretty well to keep clothed sufficiently to stay in the procession at all without shifting attire to fit the modes of the moment. Strikes of longshoremen, miners, and milkmen sink in to merest insignificance when such truly appalling strikes are on like those of the spangle sewers, garment fitters or milliners, male and female.

A spangle sewers' strike would be particularly harrowing just at the moment since all the newest evening creations seem to consist merely of a shining spangle cuirass or stomacher held in suspense by a strand of beads over each shoulder and down to the belt in back. The skirts are mere billows of airy tulle with particular emphasis and billows laid on the hips. All black dance frocks on this order developed in jet and black tulle are the most popular of the lot but vivid creations in cerise, jade, gold and silver are guaranteed to turn our ballrooms into replicas of scenes from Zeigfield's Follies at its best.

These newest tulle and spangle evening creations are making good on the backless rumors we had from Paris all last summer for the only backing you have when you don one of these is the financial backing necessary to pay for it. In its meager spangled bodice and fluffed maline skirts you are all set for a bareback act save for the horse and you're sure to be a little horse yourself ere the evening is spent.

Naturally these backless gowns cry loudly for accompanying scarves for warmth's sake if not for modesty's and wonderful are the elaborate confections of lace or metallic and silk embroidery, fur trimmed, beaded, fringed and hand-dyed that are offered up to drape the fair but freezing revelations of the bareback beauties.

Gaby Deslys brought over one for every gown, each a dream of beauty and lavish handwork more ornate and artistic than the other. This year indeed she seems to be making a collection of scarves rather than pearls.

Spanish matillas in white or black are very much used as scarves and the smaller gayly embroidered Spanish and Chinese shawls of silk crepe heavily fringed are also most effective. Oriental scarves heavy with metallic embroidery, lined with softest puffed chiffon, lest they scratch a bit, are most opulent looking, banded with rich fur and entire all-over spangled lengths to match the paillette bodices of your gown are radiant beyond words.

Feather fans are more enormous than ever this season and make most effective notes of color against black or light frocks when they are of some vivid and hectic shade themselves. The sombre plumes of the black feather fan are of course stunning with any color. There is a strong suspicion however that a new use for the fan will be evolved this winter. Instead of wielding them coquettishly or languorously in front to create a draft they will be held unfurled at the back in the manner of a Spanish beauty having her picture taken.

This is a mad effort to keep off the drafts from unduly exposed shoulder blades and spinal columns.

## Authorized Ford Service

Complete Ford Parts Carried in Stock  
Ford methods used throughout  
**Wm. E. Bowens'**  
Automotive Service Station  
306 N. Main St.

Elmer Phillips, a farmer of this county and Miss Inez Headlee of Manila were quietly married yesterday afternoon by Squire Stech in this city.

Charles E. Wiley and Mrs. Olive Schmaltz were quietly married this afternoon at the St. Paul's Methodist Episcopal church parsonage by the Rev. C. S. Black. The bride is the daughter of Freeman Gloyd of Anderson township. Mr. and Mrs. Wiley will be at home to their many friends, just south of Milroy.

The first social event of the art school of the John Herron Art Institute of Indianapolis will be given this evening in the school building under the direction of William Coughlen director of the art school. Raymond Gregg, of this city, who is a member of the school, is on the musical committee which will plan for the musical entertainment for the evening.

Mr. and Mrs. Eli Hardwick entertained with an oyster supper Thursday evening at their home in North Julian street. The center piece for the table was a large bouquet of pink and white carnations and covers were laid for the following guests: Mr. and Mrs. Willard Meyers, the Misses Fern and Nellie Meyers and Alta Jones, Mr. and Mrs. Clifford Hardwick and son Clifford Lee and Frank Webb.

Miss Gladys Black, daughter of Mr. and Mrs. James Black, and James Margison, son of Mr. and Mrs. Solomon Margison, both of Washington township, were quietly married this morning at the M. E. parsonage, the Rev. C. S. Black officiating. Only the immediate families were present to witness the ceremony. After a short wedding trip the young couple will be at home to their friends on a farm in Washington township.

The card party given by the Tri Kappa Sorority yesterday afternoon for the benefit of the Board of Children's Guardian was a success in every way. The affair was held in the Social Club rooms in North Morgan street and forty women were present to spend the afternoon playing bridge and Five Hundred. A number of other women were present for the luncheon which was served at the close of the playing. Mrs. A. L. Stewart, a member of the board of Children's Guardian, gave a short talk emphasizing the need of work among the poor children of the county. Twenty-five dollars was realized for the charity fund as the result of the party.

A wedding of interest to many friends in this city was solemnized Thursday afternoon at the Presbyterian church in Greensburg when Miss Mable McCoy, daughter of Mr. and Mrs. W. A. McCoy of that city, was united in marriage to Dr. Billie N. Taylor of Louisville, Ky. The church was beautifully decorated in chrysanthemums and smilax and the bride looked lovely in a gown of white duchess satin embroidered in iridescent beads. The young couple left on a wedding trip to Chicago after which they will be at home in Louisville, Ky. The guests present from this county were Mr. and Mrs. A. C. Brown of this city, and Mr. and Mrs. Lon Innis and Mr. and Mrs. Hubert Innis of Milroy.

## WEIGHTS AND MEASURES

For the benefit of the housekeeper, the Bureau of Standards, Department of Commerce, has published a card, to be hung in the kitchen, giving information useful in the household. This includes weights and measures equivalents, weights per bushel of the more common vegetables and fruits, weights per cup of household commodities, such as sugar, butter, lard, flour and rice. Much other useful information is condensed upon this card. Until the supply is exhausted copies of this publication may be obtained by writing to the Bureau of Standards, Washington, D. C., and requesting "Miscellaneous Publication No. 30—Household Weights and Measures."

## SCOPE OF 14TH CENSUS EXTENDED

To Include Forestry and Forest Products, Two Subjects Never Covered in Past

WORK BEGINS JAN. 2, 1920

Agricultural Statistics Will Likewise be Subject of Special Effort of Bureau

Washington, Nov. 4.—That the fourteenth decennial census on which the actual enumeration work will begin January 2, 1920, is to be the most important ever taken is shown by the fact that the act of Congress providing for this census expressly increased the scope of the inquiries so as to include forestry and forest products, two subjects never covered specifically by any preceding census.

The inquiries to be made relating to population, manufactures, mines, quarries, and agriculture were also extended in their scope by congress, the keenest interest over the forthcoming census having been shown by the members of the census committees of both the house and senate while the law was under consideration.

The statistics gathered on mining will include all oil and gas wells. Many startling developments in this important branch of the Nation's resources are looked for by census officials. The figures gathered in Texas, Oklahoma and Kansas will no doubt prove to be those most eagerly sought for, as shown by inquiries already received by the census bureau.

The compilation and gathering of forestry and forest products statistics will be in charge of a special force of experts. The accurate and comprehensive figures gathered concerning this vital natural resource will be much in demand, and the comparisons made with conditions existing before the war will be of great interest.

Agricultural statistics will likewise be the subject of special effort on the part of the census bureau as the importance of farming is being realized by the average citizen far more than ever before.

## The CHENEY

The longer you play it the sweeter it grows

New heights in the art of tone reproduction have been reached by The Cheney.

A series of inventions which apply acoustic principles never before adapted to the recreation of music, gives The Cheney a quality and richness of tone altogether unrivalled.

Those qualities which give the violin its serene purity and the pipe organ unmatched richness in its music have worked new wonders in The Cheney. And just as a violin grows sweeter with the years, The Cheney enhances in total value the longer you play it.

Regular Models are priced from \$85 to \$365  
Console Art Models, \$325 to \$600

## The New Motor Car

### The Greatest Improvement In Riding Comfort Since The Introduction of Pneumatic Tires

**H**ERE is a brand new type of car. It solves the problem which has baffled automotive engineers—how to combine riding comfort with light weight and economy.

Our new Three-Point Cantilever Springs make this possible.

These are the first springs of their kind and they are made of chrome vanadium steel. They are exclusive with Overland.

Because of these springs, Overland 4 combines the riding qualities of large heavy, expensive, long wheelbase cars, together with the advantages and economy of small light cars.

With 100-inch wheelbase, Overland 4 has the luxurious riding ease of 130-inch Springbase.

The exclusive, Three-Point Cantilever Springs cushion the car so that it *rides well on all roads*: they reduce choppy rebounds and side swaying, protect the car from road shocks and *prolong* its life, minimize twisting or racking of frame and body, enable the car to hold the road better.

The car and passengers ride smoothly as though floating, free from road shocks that the *springs ward off*.

But this new riding comfort, possible only with these Three-Point Cantilever Springs, is but one of the advantages of Overland 4.

Its light weight makes possible great economy of gasoline and tires.

High quality materials insure durability. All vital parts of the

front axle and steering gear and all highly stressed gears and shafts for driving the car are made of *alloy steel*.

The equipment list of Overland 4 is high grade, including Auto-Lite Starter and Lighting System—Electric Horn—Marshall Divan Upholstery—Springs—Demountable Rims—Three Speed Transmission—Slanting Rain Vision Windshield—Tillotson Carburetor—U. S. L. Batteries and many other high quality conveniences.

In every respect Overland 4 is a quality car. The body is all steel, all enamel, the brightest, hardest, most lasting finish.

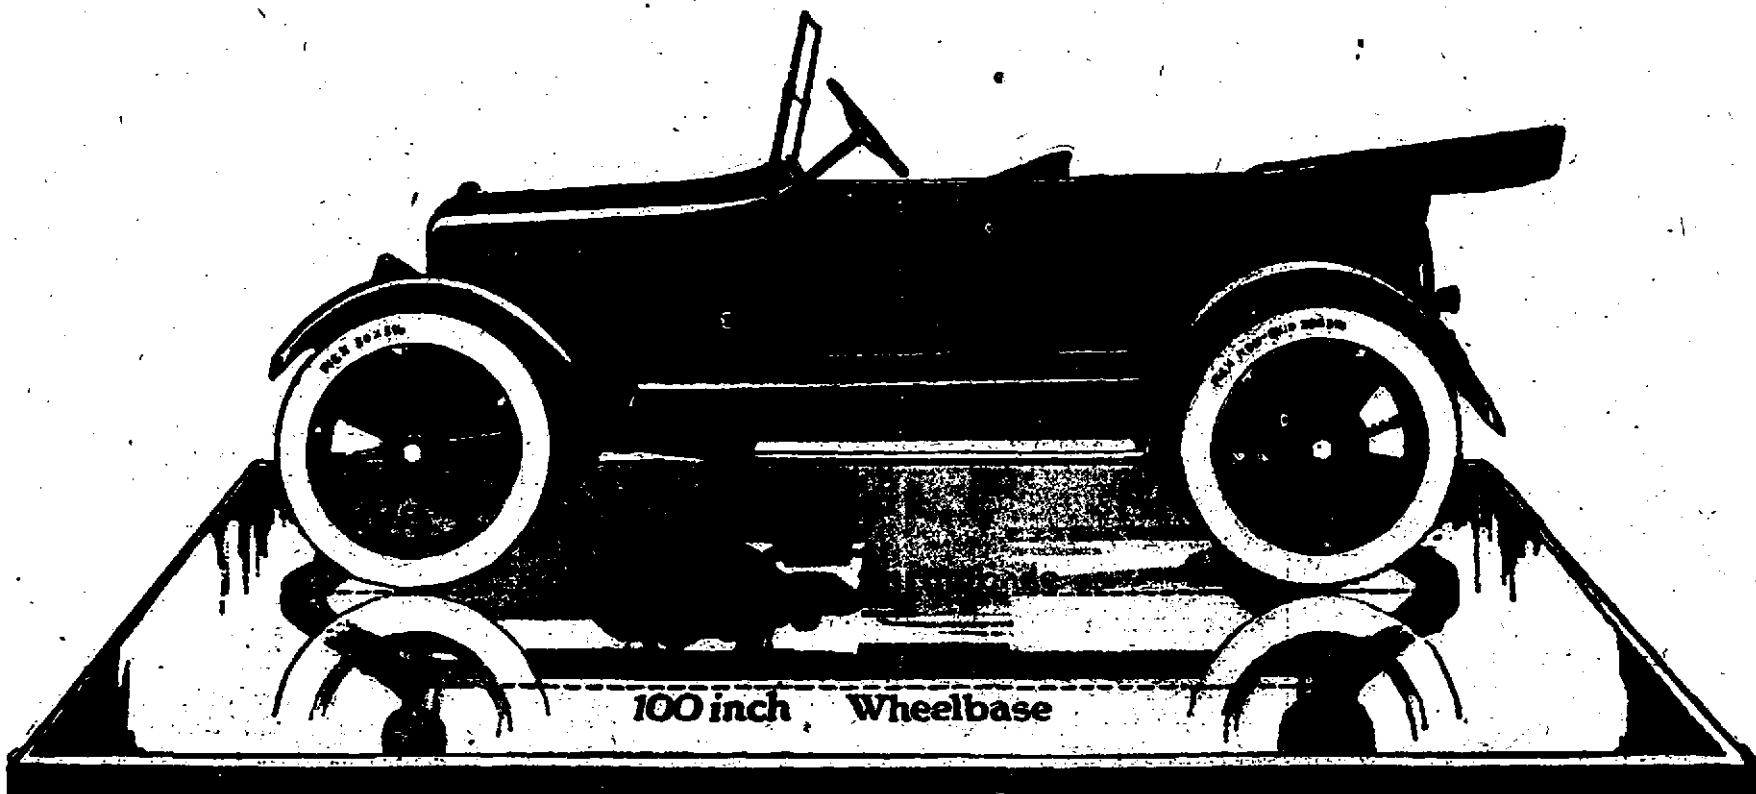

Overland 4 has been tested for two years and more than 250,000

miles over the Rocky Mountains, prairies, through deep mud and scorching deserts—through quick sharp climatic changes. As a result of these tests we were able to judge the car's performance under every condition and to perfect it before offering it to the public.

There is no previous car of any size or price to adequately compare with the character of service Overland 4 introduces.

The farther you *ride in it* the more you will appreciate it. Come in, see the car and ask for booklet. The demand will be greater than the supply for a long time.

Overland 4 Touring, \$845; Roadster, \$845; Coupe, \$1325; Sedan, \$1375. Prices f. o. b. Toledo.

**THE GIBSON COMPANY, Indianapolis, Ind.**

Branches at Terre Haute, Vincennes, Muncie, Lafayette, Indiana, and Danville, Ill.

## Some Reasons Why Selling Lalley Light Is So Attractive

Among the many reasons why the over 1,300 merchants who are selling the Lalley Electric Light and Power Plant find it a very attractive and profitable business, are:

The aggressive sales and service co-operation of the Lalley Light Corporation and its distributors, which enables the live merchant to establish a permanent and profitable farm electric business.

The ten-year service of the Lalley Light plant which has long since proved that Lalley Light is not an experiment;

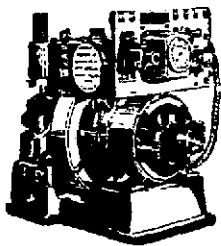

And, added to the satisfactory experiences of thousands of owners over this ten-year period,—the phenomenal and unparalleled non-stop record made by Lalley Light plants at fairs during the fall of 1919.

A few of these exceptional records, where standard Lalley Light plants were started at the beginning of the fair and run continuously every moment, day and night, without stopping, until the close of the fair, are as follows:

National Tractor Show, Wichita, Kansas, July 14th to 19th—120 hours; Inter-State Fair, Fargo, North Dakota, July 21st to 26th—124 hours; Illinois State Fair, August 15th to 23rd—124 hours; Ohio State Fair, August 25th to 29th—110 hours; Michigan State Fair, August 29th to September 6th—216 hours; Minnesota State Fair, August 30th to September 6th—179 hours; Nebraska State Fair, August 31st to September 6th—102 hours; Kentucky State Fair, September 8th to 13th—135 hours.

Of course, Lalley Light, like most other pieces of machinery, has been given extensive factory non-stop tests, but the above unparalleled records (not made under ideal factory conditions, but where everybody could view them), add to the multitude of testimony coming from Lalley Light owners all over the world, to prove that Lalley Light is built for long, hard, and reliable service.

Any live, aggressive firm or individual in this community who realizes the exceptional future in the farm electrical business should write us immediately for our attractive Lalley Light Dealer's proposition.

Manufactured by Lalley Light Corporation, Detroit, Michigan, U. S. A.; Capacity—Approximately 1,000 Watts. Only three moving parts. Water-cooled. Equipped with 16-cell storage battery and water tank. In use 10 years. Sold largely in every civilized country the world over.

## The Doctor Says

## Remove the Cause

Don't think this is a PATENT MEDICINE ADVERTISEMENT, for it is not. However, if a man is sick people don't, as a rule, stand around and criticize him and say he can't be cured; they make an effort to find out the cause of his trouble and REMOVE IT. That's just where I am at in the SPREADER business.

Right along this line I want to say that if you have any thoughts in your mind, causing you to delay the purchase of a spreader, let me try to remove this cause immediately, for you are certainly wrong. The price of the "RUSHVILLE SPECIAL" Spreader cannot go lower. It may, however, go higher. Your land cannot afford to wait. You will make more than the whole price of the spreader perhaps, in one season by the use of it.

The Litchfield Mfg. Co. backs me in these assertions, and I KNOW that THEY know what they are talking about. When the Litchfield Company began building spreaders several years ago, they found on the market an AGGREGATION OF SPREADER CRIPPLES, and the first Litchfield was not much of an exception.

From the very start the Litchfield Spreader Line has received yearly, monthly and daily, constant, untiring engineering developing effort, and that is why our "RUSHVILLE SPECIAL" Spreader so completely out-classes other machines at the present time.

The history of the Litchfield Spreader Line shows increasing confidence of the people year by year, and a steady growth in the volume of business. Come in and let me show you this machine. If you want to be up with the times you can do so by owning a "RUSHVILLE SPECIAL" Spreader made by the oldest and largest builders in the business.

# C. H. Tompkins

RUSHVILLE, IND.

## LONDON HONORS ITS NEW MAYOR

Sir Edward Ernest Cooper Today Installed Lord Mayor With Civic Ceremony

FIRST SINCE ARMISTICE

Usur! Half Holiday Declared and People Throng London to Witness "Lord Mayor's Show"

London, Nov. 8.—Sir Edward Ernest Cooper today was installed Lord Mayor of London with the civic pomp and ceremony which has been handed down from the middle ages. Once more that hoary anachronism, the "Lord Mayor's Show" dislocated the normally badly congested traffic of the city for some four hours, but as usual Londoners turned out in huge crowds for the annual pageant.

The Saturday "half-holiday" increased the normal crowds if anything, and there was extra jollification over it's being the first "Show" since the armistice.

The "show" contained few new features, being comprised of the usual detachments of London volunteer regiments, but this year there was a notable display of war ribbons among the marchers, and the cannon turned out by the City of London Royal Field Artillery were among those which little more than a year ago had been thundering at the gates of Jerusalem. The crowds lining the sidewalks gave these veterans a vociferous welcome and there was much civic pride displayed over the banners borne by other citizen battalions, banners now inscribed with the names of many a field in France, Belgium, Italy, Salonika, Palestine and Mesopotamia.

Triumphal cars, and detachments of boy scouts, land girls, munition and hospital workers and many military bands completed a picturesque parade stretching over two miles. Starting from the Guildhall, the procession wound through the narrow streets of the city to the High courts of Justice on the Strand, where Lord Chief Justice Earle Reading, and the other judges were going to administer the oath of office to the new chief magistrate, who drove in his magnificent state coach, attended by quaintly robed officials, and escorted by a squadron of Hussars.

Tonight there will be a customary civic banquet at the Mansion House, at which Premier Lloyd George and other leading statesmen will speak. Sir Edward Cooper is a well-known musician, being chairman of the committee of the Royal Academy of Music. The salary of the Lord Mayor for his year of office is \$50,000 but he generally has to spend about five or six times that amount. Cooper's predecessor, Sir Horace Marshall, probably had to spend half a million dollars during the past year, owing to peace celebrations.

## MAY NOT STAND THE TEST

Federal Prohibition Amendment Doubtful Says N. J. Governor

Jersey City, New Jersey, Nov. 8.—The federal prohibition amendment will not stand the test of constitutionality in the United States supreme court, was the belief expressed by Edward Edwards, recently elected governor of New Jersey, today.

The prohibition amendment is now in the constitution. It is constitutional until it has been tested and declared unconstitutional by the court, he said. In my opinion it will not stand the test, he said. Edwards was elected on a wet platform by the New Jersey democrats.

## For Women Who Are Careful About Milk

"The Cow in the Pantry"

The Finest Milk Produced in America

Milk from High-Bred Cows

A Safe Milk A Double-Rich Milk

Van Camp Products Company Indianapolis, Ind.

We have supplied the grocers of this city with a super-grade of milk.

Homes everywhere can't get it—we can never produce enough. But this city will be kept supplied.

It is for housewives who are careful—who want milk extra-rich and clean and safe. This Van Camp Milk will cost them no more than other milk.

## Where It Excels

Van Camp's Milk comes from high-bred cows. We have supplied them by the thousands to dairies in our districts.

It is produced under right conditions. The dairies and the cows are regularly inspected.

For economy in shipping we remove half the water. This is done in a vacuum under low heat.

To make it safe we sterilize it, destroying every germ.

## It is Double-Rich

This reduction makes it double-rich. It comes to you as thick as thick cream.

Use it as it comes for your coffee. Reduce it somewhat for your cereals. For drinking reduce it one-half—add an equal part of water. For cooking dilute as desired.

Always you have a complete milk—all the butter fat, all the solids of a high-grade milk.

Such milk, under our methods, costs you less than bottled milk. You save all waste. There are small cans and large cans, so you open little or much as needed. You never run short, you never have milk left over.

We have worked for 20 years to supply you a milk like this. It is, beyond question, the finest milk in America.

It is at your command. A call on your grocer will bring it. Get a few cans and compare it with the milk you use.

## ASK FOR ADOPTION OF DAYLIGHT SAVING PLAN

Petitions are in Circulation in Harrisburg Asking City Council to Pass Ordinance

NO DATE HAS BEEN SET

Harrisburg, Pa., Nov. 8.—Petitions asking the city council to pass an ordinance adopting a daylight savings plan for the city of Harrisburg are in circulation in cigar stores, factories and other places where bodies of people gather.

To date, no council action has been taken. Mayor Daniel Kiester, however, has publicly announced his approval of the plan.

Factory workers are said to be unanimously in favor of the proposed ordinance. Nothing other than a proposal has been made, no date for commencement or difference in time to be asked being mentioned by backers of the movement.

## Roads Only go Back to Old Time

Detroit, Oct. 29.—When the rest of Michigan went back to Central Time October 26, Detroit did not change her clocks, adopting Eastern time. This, however, applies only to business in the city, all railroads and allied industries reverting to the Central schedule.

Several of Detroit's suburbs, remembering other years of difficulties because of the difference in time, have resolutions under consideration now for adopting Eastern time when the city goes on the new schedule.

## Your Battery-Every Battery—needs extra winter care.

A cold engine and possible danger of freezing with an under-charged battery makes special care of the starting battery necessary during the winter months. That is why it is to your interest to use

## "Exide" Battery Service

and use it regularly. Regardless of the make of battery you are using, "Exide" Service will meet your need. It offers you a Free Battery Test regularly—it will repair, recharge and overhaul all makes of starting batteries. It can supply you with everything that is necessary to put your battery in correct working condition for winter driving and keep it in that condition.

Have your battery inspected and tested now. Visit the "Exide" Service Station.

Our folder, "Winter and the Storage Battery," sent free on request.

## CALIFORNIANS FOR AN ANTI-ALIEN LAND LAW

Would Permit Persons Not Eligible to American Citizenship From Owning Land.

SEND 16 LEGION DELEGATES.

San Francisco, Cal., Nov. 8.—A national anti-alien law that would prohibit persons not eligible to American citizenship from owning or leasing land will be the main resolution which the California delegates to the national convention of the American Legion at Minneapolis

Nov. 10 will fight for. The proposed law is based on the present California anti land laws which prohibit orientals from owning land in the state, but its provisions are even more strict in interpretation. Other recommendations that will be made to the national convention are: A resolution asking withdrawal of American troops from Siberia; a resolution calling for a standing army of 350,000; approval of compulsory military training for six months of all youths in their 19th years. Sixteen delegates went as representatives of the eleven congressional districts, while four were selected at large.

## "Flu-Oil," America's Greatest Medicated Oil

The American Medicated Oil Company producing their product commonly known as Wolcott's "Flu-Oil" will go on record as the one medicine company that will never advertise testimonials, that is, in newspapers. Nearly all other companies do this sort of advertising, but we will not. We feel that "Flu-Oil" is a great Public Benefactor, a Life-Saver during the past terrible epidemic, also that "Flu-Oil" will continue to bless mankind if the future brings forth such a thing, and lastly that if our people get great results from the use of this product that they will naturally say so to whoever is suffering or in danger.

Besides "Flu-Oil," (every package states), if it fails you in any respect, "you may have your money back," so thus, if you are benefitted your money has been well spent, and if it should fail in your case we have at least caused you no monetary loss.

We believe that "Flu-Oil" is an oil carrying many and more powerful oils than any marketed product. So, after careful study and seeing in the past the wonderful results from its use, we unhesitatingly term it "America's Greatest Scientific Medicated Oil."

In cases of Spanish Influenza or "Flu," a physician should be called at once, his advice carefully followed out, and we are firm in the belief that he will be broad minded enough to allow the daily use of "Flu-Oil," and we state right here that if a patient has from five to fifteen drops of "Flu-Oil" daily down his throat that he will never choke to death or die directly from "Flu." To substantiate this statement will say that we do not know of one single death from Flu where "Flu-Oil" was used, and I am here to tell you that is a wonderful record. We deem it a terrible calamity that we were not in the position to have had "Flu-Oil" in every home and army camp in America at least, but state that we will do all that is in our power to place this Life-Saver in your home and every home in the future.

## "Flu Oil" Gets the "Flu" or Spanish Influenza

Rub the chest and throat freely and apply hot cloths (flannel is the best). Take 10 to 15 drops on the tongue every hour or so; if the head is aching or nostrils are stopped up, apply it to the inside of the nostrils with the little finger, or better still by using an atomizer, taking long breaths to draw the fumes of the oil up into the head and throat. Open the bowels freely with a good laxative. You will find "Wolcott's Little Wonder Workers" the best, as they act on the liver and do not leave the bowels constipated.

"Flu-Oil" gets the Grip and Bad Colds. Use the same as for "Flu." "Flu-Oil" gets that Bad Cough.—You will find it one of the most efficient remedies you ever used for this purpose. Take 10 or 15 drops on the tongue every two or three hours, or as often as is necessary to control the cough. Children's dose in proportion to age. Keep the bow-

els open with "Wolcott's Wonder Worker" pills or some other good laxative.

"Flu-Oil" gets the Croup.—Rub the "Flu-Oil" over the throat and chest, then apply a hot compress made with a wash rag or soft cloth wrung out of hot water to the throat and cover up well with a dry cloth. Change the hot compress in 5 or 10 minutes if not thoroughly relieved. To prevent croup at night, apply freely to throat and chest and cover with a hot flannel cloth.

## "Flu-Oil" Gets Pneumonia

This is a case for the doctor. Don't put it off. But for emergency open the bowels at once. "Wolcott's Wonder Workers" are quick and active without gripe, and will stimulate the liver action. The liver is more or less congested in most cases of this kind. Let plenty of fresh air into the room by lowering the windows from the top; keep the room at an even temperature of about 65 degrees. This is important. Rub the chest, sides and back with "Flu-Oil." Cover the parts with as hot flannel as the patient can bear. When applying another application bathe the parts with hot cloths and dry thoroughly doing it quickly and avoid chilling the patient.

"Flu-Oil" gets sore throat. Gargle the throat with hot salt water three or four times a day. Rub the throat with "Flu-Oil" and take 10 or 15 drops on the tongue.

## "Flu Oil" Gets Burns

Cover the affected parts with dampened baking soda and when dry brush off carefully and apply "Flu-Oil." Cover well with cloth.

"Flu-Oil" gets rheumatism, neuralgia, soreness of muscles, sprains. Massage the affected parts well with "Flu-Oil," applying hot flannel. A hot water bottle is very good to put on after rubbing in the "Flu-Oil," which acts exactly like an analgesic balm, however, more quickly and effectively.

"Flu-Oil" gets Head and Nasal Catarrh.—The best way to use it is with an atomizer. Spray the nostrils several times a day. If your nose and head is free from congestion "Flu-Oil" will come forth from the nostril opposite the one in which the atomizer is inserted. Keep the atomizer in until the circulation is open and free. Take long inhalations while using the atomizer. Your brain will work better for you if you take this daily care. Take ten or fifteen drops of the "Flu-Oil" on the tongue and swallow, which carries the undesirable into the stomach or causes you to expectorate same from your throat and mouth. When Flu-Oil is used for catarrh the use of Wolcott's Wonder Worker Pills carries it out of the system; that is, that which has fallen down into the stomach.

E. E. WOLCOTT, Druggist

## ACCUSES GOMPERS OF INACCURACIES

P. H. Penna, Spokesman For Operators of Four States, Replies to Labor Union Head

EXPOSES AN OLD SLANDER

Says Mines Were Not Closed to Cut Down Production so Price Could be Increased

Terre Haute, Ind., Nov. 8.—The statement of Samuel Gompers relative to the coal strike situation, given out in Washington, is full of inaccuracies and mis-statements and is entirely misleading, according to a statement issued today by P. H. Penna, spokesman for the operators of the four states in the joint conference. Mr. Penna's statement follows:

"There appeared in the press today a statement issued in Washington by Samuel Gompers, President of the American Federation of Labor, attempting to justify the miners strike, which is so inaccurate that it should be promptly corrected.

"Mr. Gompers is quoted as having said, 'When in 1914 the miners received an increase of 20 cents per ton, the operators raised the selling price \$5.00 per ton. This is not only not true but does not bear the remotest resemblance to truth. In the first place the miners did not receive an increase of 20 cents per ton in 1914, and in the next place, as everyone knows, the operators did not raise the selling price \$5.00 per ton, or any other considerable figure.

"Mr. Gompers also says 'If the miners were permitted by the operators to work full time, the supply of coal thus mined would soon force down the price of coal on the market, and this the operators are determined not to permit' leaving the inference that the operators shut down the mines to keep up the price of coal. This old time threadbare slander known as such by everybody familiar with the coal business, appeared in the press at Buffalo during our joint conference, and attributed to the miners' representatives. Resenting the publication of this slander, I said in the joint conference, 'I notice that since coming to this conference the coal miners are reported to have told the representatives of the press that the operators have been purposely cutting down their production for the purpose of maintaining prices, to which John L. Lewis, acting president of the United Mine Workers, made this reply: 'I want it written into the records that neither in Buffalo or anywhere else have I ever charged the operators with shutting down the mines to maintain coal prices. I would not say such a thing, because I do not believe it is true. Neither do I believe that any member of the miners delegation would make such a statement, and I am quite sure that no responsible agent of the Mine Workers in Washington or elsewhere ever made such a statement. I denied it to the General Director of Railroads, Mr. Hines. I denied it to other people who have discussed the question when charges by inference and implication were made to that effect before the senate committee and other places in Washington? Gompers vs Lewis. Which is correct?"

"The facts are that mine operators have spent a great deal of money in an effort to keep their mines running during the dull season. They have filled all the orders they could get as the supply of cars would permit them. If they could do so, they would be glad to work their mines 300 days in the year. Their working time, however, is necessarily limited by two things, the number of orders they receive, and the number of cars the railroads are able to give them with which to fill these orders.

"Mr. Gompers attempts to justify the demand for a six hour day and a five day week with the assertion that the miners can produce all the coal necessary by working thirty hours a week. Their demands however, do not mean that they will work thirty hours a week, but that they will work twenty-five hours per week or less."

The islands of Asia cover one-sixth of her territory.

## Personal Greeting Cards

Which bear a distinction of individuality are now being shown and orders should be placed before December first, in order to guarantee delivery.

Prices this year are no higher than previous seasons, and the assortment of samples are varied which enables you to choose a kind suitable to your own taste.

All are engraved, embossed and in colors, and your name will be engraved from your personal plate used in other seasons, or used in calling cards. We will gladly show you these samples and urge you to call as early as possible as the season will be unusually short this year.

"SAY IT WITH CARDS THIS YEAR"

The Daily Republican

## ACCREDITED CATTLE OWNERS MADE KNOWN

Receive Official Certificates Which Authorize Them to Sell Across State Lines

RUSH FARMERS NOT INCLUDED

Indianapolis, Ind., Nov. 8.—The names of 34 owners of accredited herds of cattle in Indiana, were made public today by Dr. L. E. Norchurp, state veterinarian, who is co-operating with the federal government in a campaign to eradicate tuberculosis from live stock. The accredited herds have conformed to the official federal requirement of uniform methods and rules for tuberculin testing, and their owners have received official certificates which authorize them to sell and ship their stock across state lines, and receive preferred consideration at the hands of stock buyers who, according to the state veterinarian, place a premium upon animals they know are free from infection.

Of the 271 Indiana live stock owners who have adopted the plan, 237 have not completed the requirements necessary for certification. Those who have received official recognition on account of their healthy herds did not include the names of any Rush county farmers.

## WOMEN IN LEGION FAVORED

National Convention May Admit Women Who Were in Service

(By United Press.) Hartford, Conn., Nov. 8.—Deportation "forever from our shores" of unfriendly aliens will be urged by Connecticut delegates to the national convention of the American Legion at Minneapolis beginning Monday.

Acceptance as honorary or active members of the legion of women who engaged in war service will be recommended, the resolution having been adopted by unanimous vote at the recent state convention here. Twelve delegates were accredited to the convention from Connecticut.

The word "whisky" is from a Celtic word meaning "water of life."

## "SLOAN'S LINIMENT NEVER FAILS ME!"

Any man or woman who keeps it handy will tell you that same thing

ESPECIALLY those frequently attacked by rheumatic twinges. A counter-irritant, Sloan's Liniment scatters the congestion and penetrates without rubbing to the affected part, soon relieving the ache and pain. Kept handy and used everywhere for reducing and finally eliminating the pains and aches of lumbago, neuralgia, muscle strain, joint stiffness, sprains, bruises, the result of exposure to weather.

Sloan's Liniment is sold by all druggists, 35c., 70c., \$1.40.

**REALTY TRADE FOR THE HALF MONTH IS HEAVY**

Transfer Records Show Considerations Amounted to \$141,904.50, Largest of Which Was \$28,700, Paid For Union Township Farm.

Realty trade for the last half month was heavy, according to the transfer records in the county recorder's office, which show considerations for the period amounting to \$141,904.50. The largest of the number was \$28,700, which sum was paid for a Union township farm. Another farm brought \$20,000, another 15,000, one \$16,000 and another \$14,499. The transfers follow:

Isaac G. and Cassie Macy to Arthur Ritter, 100 acres in Posey township, \$15,000.

Jennie B. Bigham and Charles E. Gigham to Mary P. Bursoit, south half of the west half of lot 20 in George C. Clark's first addition to Rushville, \$650.

Robert E. and Fanny Gowdy Mansfield to Francis R. McClanahan lots 1, 2 and 3 in James and Mellie

#### Look Out Dreadful Soreness

When the kidneys are weakened or overworked so that they fail to filter and throw all impurities out of the blood, the poison remains in the system and backache, soreness, lameness and rheumatic pains are likely to develop. Mrs. David Henry, 65 S. Lincoln Ave., Washington, N. J., writes: "Foley Kidney Pills are doing me much good, both my kidneys and rheumatism. They took all the dreadful soreness out of my limbs." F. B. Johnson.—(Adv.)

#### American Fence

Perfect galvanizing. Bigwires. Full size rolls. A mechanically hinged joint. Backed by 21 years of quality fence building. See the specifications in every roll. Come in and see it.

We carry American Fence in car lots and will deliver to your farm, if anywhere in northern Rush county, any reasonable number of rods.

**SHARER & MOORE**

Phone 9 Carthage, Ind.

#### Boston Ferns

Just arrived, the finest consignment of Boston Ferns that I have ever received. They are large, bushy, compact plants, just what you have been wanting. Also smaller size, same kind and very good plants. Call and see these or phone and be assured that we will pick out a nice one for you.

I also beg to announce at this time that the National Flower Show will be held in Indianapolis the 13th and 14th of this month in the Riley Room of the Claypool Hotel.

If you are a lover of flowers and wish to see some very large Chrysanthemums in all colors, also Roses, Carnations and Pot Plants galore, try and arrange to go on one of these two dates, 13th or 14th of this month.

I have purchased tickets for all my customers and friends who wish to go, and they may be had by calling here or, for your convenience at Hargrove & Mullin's Drug Store. They are free to you.

## 30 WOMEN SAIL TO STUDY MISSIONS

To Divide Themselves Into Several Commissions to Make Exhaustive Study of Problems

GO TO YOKOHAMA FIELDS

President M. Carey Thomas of Bryn Mawr Who is Now in Egypt Will Join the Party

(By United Press.) San Francisco, Calif., Nov. 8.—The second deputation of thirty prominent American women, including two college presidents in addition to several social workers, women physicians and religious leaders, sailed from here today on the Tenyo Maru for Yokohama where it will join the first delegation that sailed from Vancouver on October 30.

The women will divide themselves into several commissions at Yokohama to go to various sections of the Orient to make an exhaustive study of every problem in the mission field from standardization of women's universities and schools and prevention of tuberculosis to adaptation of American hymns to Chinese ten-tems and the problem of putting healthy contemporary American novels in the Japanese "best seller" class.

President M. Carey Thomas of Bryn Mawr, who is now in Egypt, will join the women in Yokohama. President Ellen F. Pendleton of Wellesley College accompanied the first deputation that sailed from Vancouver.

The tour was organized by the Federated Women's Council of Foreign Missions Societies, and the findings of the women delegates will be used by the Inter-Church World Movement for the formulation of a world program. Presidents Thomas and Pendleton

will head a commission of the delegation to investigate the women's collegiate educational situation in China, Japan, Korea and probably India. Other commissions will study the fields of women's medical schools, public health education, tuberculosis prevention, social service, religious education, evangelism, Christian literature and art, administrative problems and the hardships of women missionaries. Miss Charlotte Conant, principal of the Walnut Hill School, Nantick, Mass., will make especial study of primary and secondary educational plans.

## BOLSHEVIKI HIRBERNATE

Russians Think That Nothing Will Break Until Spring

Washington, Nov. 8.—That the Russian Bolshevik government has dug itself in for the winter so it will be able to overcome all enemy attacks, was the belief expressed today at the Russian embassy.

It will be at least another year before hopes of the fall of Lenin and Trotsky and the capture of Petrograd can be realized, it was stated. The Bolsheviks are building up a greater military machine than most people realize, it was stated.

## DON'T DESPAIR

SAFETY BLADES DULL?—Leave at Wolcott's or mail to Gipson's. Phone 1912. 198130

Rushville Armistice Day, Nov. 11.

For a Pain around the Heart after Eating.

TAKE

PEPSINCO

Sometimes in front just under the heart, sometimes around under the left side, under the ribs behind the heart it's a sharp or acute pain; sometimes a dull heavy pain, leaving soreness. It's gas on the inside generated through gaseous foods, or, because of systematic inability to properly assimilate the food, this gas soon collecting, forms a lump that causes the pain. This is only one of a dozen different indications of indigestion which PEPSINCO immediately relieves. Keep PEPSINCO handy and take it the next time.

Ask your druggist—he sells and recommends Pepsinco.

WOMEN OR MEN WANTED—Salary \$24.00 full time, 50c an hour spare time, selling guaranteed hosiery to wearers. Experience unnecessary. International Mills, Norristown, Pa. 20411

Obituaries---33

In MEMORIAM

The wisest man once asked, "What man is he that liveth, and shall not see death?" and so once more we are reminded that we are voyagers on an ocean where the ripples are days and hours, and the waves are years. At times the waters roll softly with shimmer and sheen in the warm sunshine of health and happiness and prosperity, and the ripples splash and play in gentle undulations. Then how beautiful in life, how full of joy, when its tides are smooth and murmuring and its skies are blue and clear and tranquil. But always sooner or later, the scene will change. Life's skies become darkened, and angry waves of sorrow and pain and suffering foam-crested on earth's storm tossed sea dash to destruction a vessel whose precious cargo is a human soul.

Such thoughts as these come to us today, for again the edict of the Infinite has been proclaimed by his Kingly herald, and again the covenant between life and death has been fulfilled and a deathless spirit has been ushered into "the city that lieth foursquare."

Born—died. These two words embody the Genesis and Revelation of all humanity, and life, death and eternity are the stages of our pilgrimage.

Happy are those who can say, "Lord, thou hast been our dwelling place," and "I know that my Redeemer liveth, and because He lives, I shall live also," and "I know Him in whom I have believed." "I know that though worms destroy this

WAR ON UN-AMERICANISM

N. J. Delegates to Legion Convention Have Resolution.

Newark, N. J. Nov. 8—Resolutions to urge ex-service men everywhere to wage vigorous war on un-Americanism will be urged at the national convention of the American Legion at Minneapolis by New Jersey delegates.

At the recent state convention here, Hobart D. Brown, temporary state chairman, urged a resolution asking the government to extend more help to disabled soldiers and sailors. Sixteen delegates are attending the convention representing the 26,000 legion members in New Jersey.

FOUR-DAY-OLD BABY DIES

Clarence Keith Hildreth four-day-old son of Mr. and Mrs. Vada Hildreth died late last night at their home in Noble township, death being caused by prematurity at birth. The funeral services was held this afternoon and burial took place in the Hopewell cemetery.

King, may we all be there and not one golden harp be silent not one shining robe sway empty, not one starry crown hang above a vacant chair.

There the hidden wound is healed, There the blighted life reblooms, There the anguished heart the freshness

Of its joyous youth resumes, There the love that here we lavish On the withering forms of time, Shall have fadeless forms to cherish.

In an ever spring bright elime, There we'll find the joy of loving, As we never loved before,

Loving on, unchilled, unhardened, Loving thus forevermore,

There the King in Kingly glory, Such as earth has never known, Shall extend his glorious scepter

And shall crown us for His own. 20411

Cut This Out—It Is Worth Money

DON'T MISS THIS. Cut out this slip, enclose with 5 cents and mail it to Foley & Co. 2835 Sheffield Ave. Chicago, Ill., writing your name and address clearly.
